

Annual Report

2022

 neverthirst

Friends,

On behalf of the neverthirst staff, our partners, and the amazing people we serve together, I want to extend a sincere thank you. Because of your generosity and desire to see physical and spiritual renewal, 2022 was an incredible year of flourishing. Clean water flowed, the gospel spread, and disciples multiplied - all to glory of God. This annual report is meant to provide a high-level recap of the amazing activity that took place in 2022 and provide a quick glimpse looking ahead to 2023 and beyond.

Before you move forward and look over the impact data and the statistics, I want to point out that behind every number is a story. A story of desperate physical need. A story of spiritual desolation. A story of entire communities trapped in an endless cycle of poverty and limited to no access to the gospel. But then, you. By the grace of God and a desire to step into the the mandate seen over and over in God's word - to care for the poor and marginalized - entire communities are being transformed. I will finish where I started - thank you.

Matt Letourneau
CEO

Gospel Impact

As your financial support helps meet physical needs, the local church is empowered to reach marginalized and unreached people groups with the gospel. neverthirst intentionally partners with local ministries and churches to offer Living Water to the most remote areas of the world.

Physical Rejuvenation

Each completed project not only provides clean water, but also teaches community members the essentials of hygiene and sanitation.

Breaking the cycle of disease, these projects improve health and increase work opportunities. They improve safety for women and children who no longer have to trek on dangerous paths to collect water. Clean water means more time in school, as children are healthier and able to attend class.

Looking Ahead

The Lord has blessed us with amazing donors, amazing partners, and a big vision. We are as on fire with reaching the unreached with clean and living water as we were when this all started back in 2008. Together we are dreaming big for those who need someone to take up their cause.

Next Three Year Capacity

*This amount of revenue would allow us to serve a minimum of 1,020,000 with clean and living water. (More than the previous 13 years combined.)
