

**Community ownership is vital for sustainability.**

In every project, considerable months are spent mobilizing a water committee, establishing community buy-in, and raising future repair funds so clean water keeps flowing for years to come.

WE EXIST FOR THE  
**unreached.**

Over 785 million people lack access to clean water, and 4 in 10 people lack access to the gospel and are considered unreached. *We believe in meeting physical and spiritual needs—empowering the church to reach forgotten, marginalized people groups with clean and living water.*

**You**  
CAN DIRECTLY IMPACT  
THE UNREACHED.

**When you give clean water, you're providing:**

- A hope-filled future for families
- The chance for kids to grow up and go to school
- Restored time for women who walk miles for water
- A platform for the gospel to go where Jesus is currently unknown

Learn how your family, business, or church can be a part of serving the unreached with us at [neverthirstwater.org](http://neverthirstwater.org) or 205.991.7757.

Bringing clean & living water to the unreached.

“May God be  
gracious to us  
and bless us and  
make his face  
shine on us—so  
that your ways  
may be known  
on earth, your  
salvation among  
**all nations.**”

—Psalm 67:1-2

*Our work is currently focused in 14 regions with urgent need for clean water and the gospel.* We work through local, indigenous partners to find the best and most sustainable water solution in every country—from piped water in the mountains of Nepal to solar-powered pumps in the desert of Niger. In every community, we partner with the local church—equipping pastors to share the love of God with unreached families in need.

**Over 3 billion**  
people don't have  
ready access to  
hear the gospel.  
In many unreached  
regions, water is  
still the #1 issue.

---

By stepping in to meet an urgent physical need, our pastor partners have the opportunity to share about the Living Water, and expand the good news to unreached people groups.
