

Community ownership is vital for sustainability.

In every project, considerable months are spent mobilizing a water committee, establishing community buy-in, and raising future repair funds so clean water keeps flowing for years to come.

WE EXIST FOR THE
unreached.

Over 703 million people lack access to clean water, and 4 in 10 people lack access to the gospel and are considered unreached. *We believe in meeting physical and spiritual needs—empowering the church to reach forgotten, marginalized people groups with clean and living water.*

**When you give clean water,
you're providing:**

- A hope-filled future for families
- The chance for kids to grow up and go to school
- Restored time for women who walk miles for water
- A platform for the gospel to go where Jesus is currently unknown

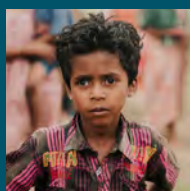

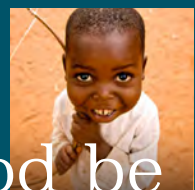

*Learn how your family, business,
or church can be a part of serving
the unreached with us at
neverthirstwater.org
or 205.991.7757.*

**Bringing clean & living
water to the unreached.**

 **neverthirst**

“May God be
gracious to us
and bless us and
make his face
shine on us—so
that your ways
may be known
on earth, your
salvation among
all nations.”

—Psalm 67:1–2

Our work is currently focused in 12 regions with urgent need for clean water and the gospel. We work through local, indigenous partners to find the best and most sustainable water solution in every country—from piped water in the mountains of Nepal to solar-powered pumps in the desert of Niger. In every community, we partner with the local church—equipping pastors to share the love of God with unreached families in need.

Over 3 billion
people don't have
ready access to
hear the gospel.
In many unreached
regions, water is
still the #1 issue.

By stepping in to meet an urgent physical need, our pastor partners have the opportunity to share about the Living Water, and expand the good news to unreached people groups.
